Feed & Protect Stray Animals

අහරින් ජීවියට, කරුණාවෙන් හෙටට

A student initiative,
Accounting & Finance undergraduates
NSBM Green University
Supporting SDG 2 — Zero Hunger

THE PROBLEM

Stray animals face daily challenges that need urgent action.

Food insecurity

Many strays go hungry every day with no reliable source of food.

Limited clean water

Access to safe drinking water is scarce and inconsistent.

Injuries and illness

Many animals are hurt or sick and need veterinary care.

Resource constraints

Animal welfare groups are stretched thin and need community support.

OUR OBJECTIVES

SDG 2

ZERO HUNGER

SDG 2 aims to
end hunger,
improve nutrition
and ensure
food security
for all.

This global goal calls for a world where everyone has enough safe, nutritious food to lead a healthy life.

NONIMI is inspired by this vision of addressing hunger.

Our focus is practical food assistance for vulnerable stray animals.

Proposed Collaboration with AWPA

We have made initial contact with Animal Welfare Protection Association.

Next, we will discuss actual needs, confirm suitable donation items, delivery arrangements and documentation.

Donation details are not yet finalized and remain open for discussion.

Any healthcare support will be explored only if feasible and professionally guided.

FOOD & WATER PLAN

A simple four-step process to provide nutritious meals and clean water with care and accountability.

1

Assess needs

Confirm food items and clean water that are most needed.

2

Plan quantities

Set the right amounts within our available budget.

3

Source supplies

Purchase or collect quality food and safe drinking water.

4

Feed & record

Conduct approved feeding while keeping the area clean and records updated.

VACCINATION & ANIMAL HEALTHCARE

Healthcare support follows AWPAs guidance

Delivered with qualified veterinary advice

Based on cost estimates

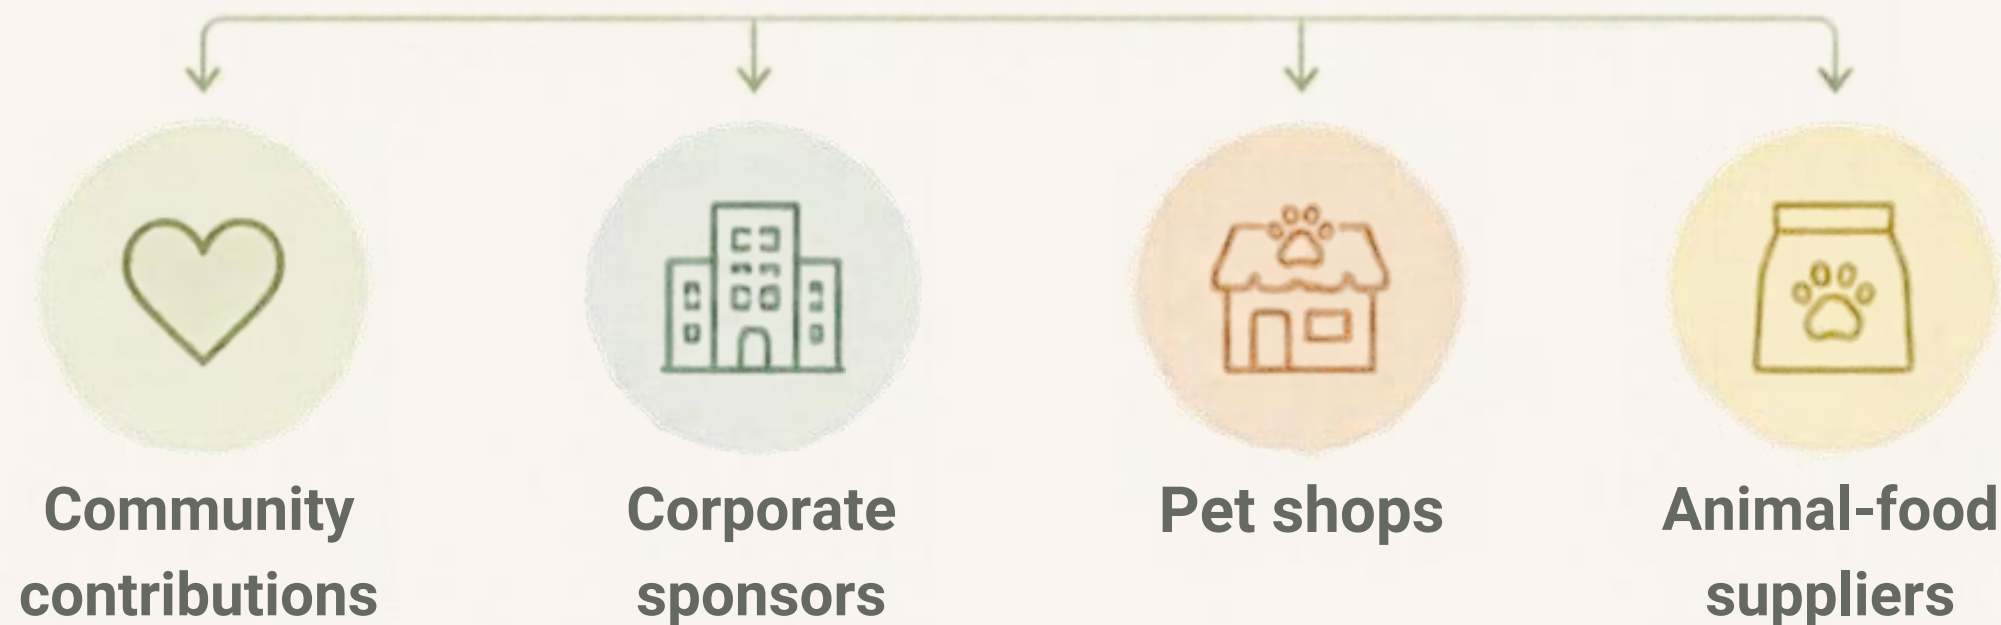

Limited to confirmed, feasible services

Our goal is **care**, not promises.

FUNDRAISING & SPONSORSHIP

Exploring potential partners who share our vision and values.

Transparent records. Responsible use of funds.

We are committed to accountability and impact in every step.

PRELIMINARY BUDGET & ACCOUNTABILITY

A preliminary estimate to guide planning.

PROJECT ACTIVITIES

Rs. 85,000

Preliminary sketch for
project activities

WEBSITE DEVELOPMENT

Rs. 40,000

Proposed
website cost

COMBINED INITIAL ESTIMATE

Rs. 125,000

This is an initial estimate,
not a final or approved target.

The budget will be refined after
needs and feasibility are confirmed.

Transparent. Responsible. Impact-driven.
We will share updates as planning
progresses.

IMPLEMENTATION & APPROVAL REQUEST

- 1 Obtain lecturer approval to move forward
- 2 Confirm needs and coordination with AWWPA
- 3 Finalize budget and responsibilities
- 4 Organize donations and activities
- 5 Document outcomes and share impact

අහරින් ජීවයට, කරුණාවෙන් හෙටට.

Thank You

For supporting a kinder, healthier
future for stray animals.
